

# 4-Inch Series: Tube Light

Our redesigned 4-inch Series Tube Light fixtures are now available in lengths ranging from 2 to 8 feet. These fixtures feature a matte white acrylic cylinder diffuser for even illumination and an optional LED TIR downlight, making them ideal for retail, concourse, stairwell, lobby, and restaurant applications. They offer versatile installation options with aircraft cables or a 3/8" IPS pipe and are equally impressive whether used individually or grouped.
