

Dos Grande Modular

Dos Grande is the largest member of the Dos family. Its expansive size offers the flexibility to seamlessly connect custom curve radiuses and angles with linear modules, enabling an endless array of design possibilities. Plus, with built-in integral drivers, Dos Grande ensures both form and function in every creation.

WHITE LEDs

W30 (3000K)

W35 (3500K)

W40 (4000K)

TW2750 (tunable white 2700K to 5000K)
