

Stick SLT6

A modern LED strip light alternative to fluorescents, Stick SLT6 offers precise control with its 270° directional flexibility for customizable beam angles. Available in varied lengths and trim choices, these pendant fixtures offer versatility for personalized aesthetics.

CONSTRUCTION

- Single fixtures in 2, 3, or 4 ft., or dual in 6 or 8 ft., mount to an extruded aluminum continuous wireway and driver housing Rail System.
- Designed for open ceiling environments, the Rail System can be mounted directly to ceilings, joists, or decks, replacing J-box and conduit for a cleaner appearance. The back plate features a 7/8" opening for direct conduit power feed at the end caps or from anywhere along the Rail housing.
- Rail System housing may also be suspended as a pendant. with 8 ft. gray adjustable power and aircraft cables. Push button grippers supplied, standard.
- Specify XP for additional length (25 ft. max.)
- cUL listed for damp locations.
