

**WARNING:** Disconnect main power at the source prior to installation!  
Fixture must be installed by a qualified electrician.

### 1 Mount Rail Housing To Wall

#### Direct Conduit Feed

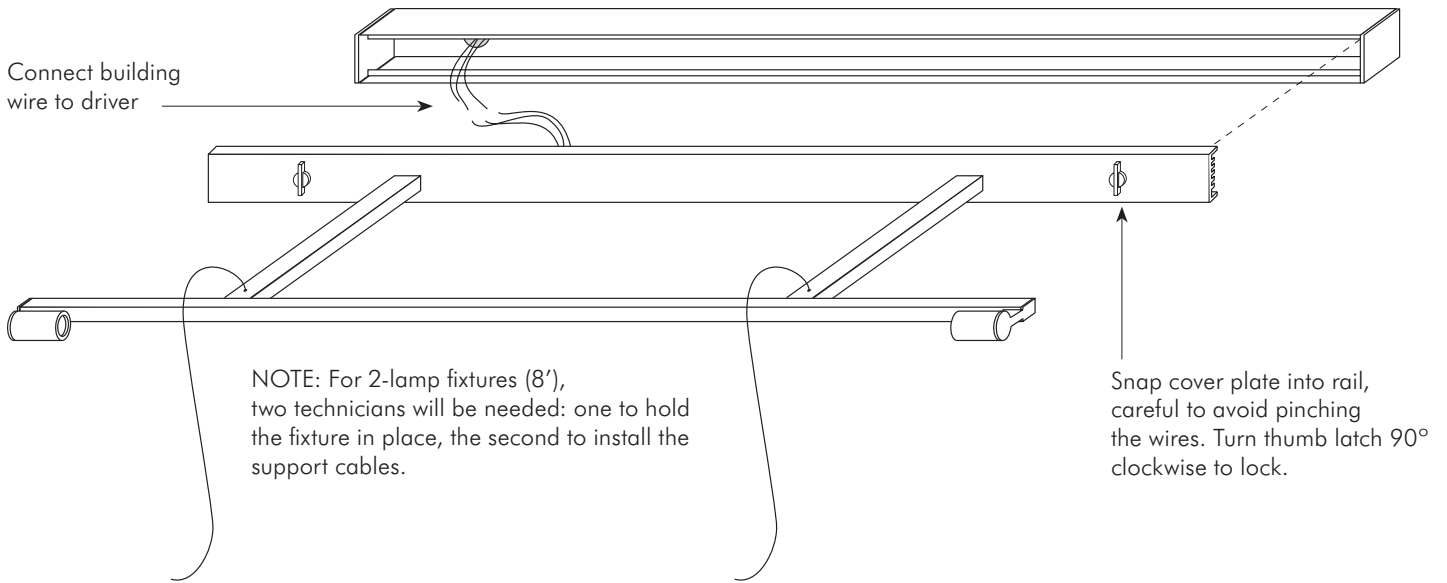

#### Optional Box Mount

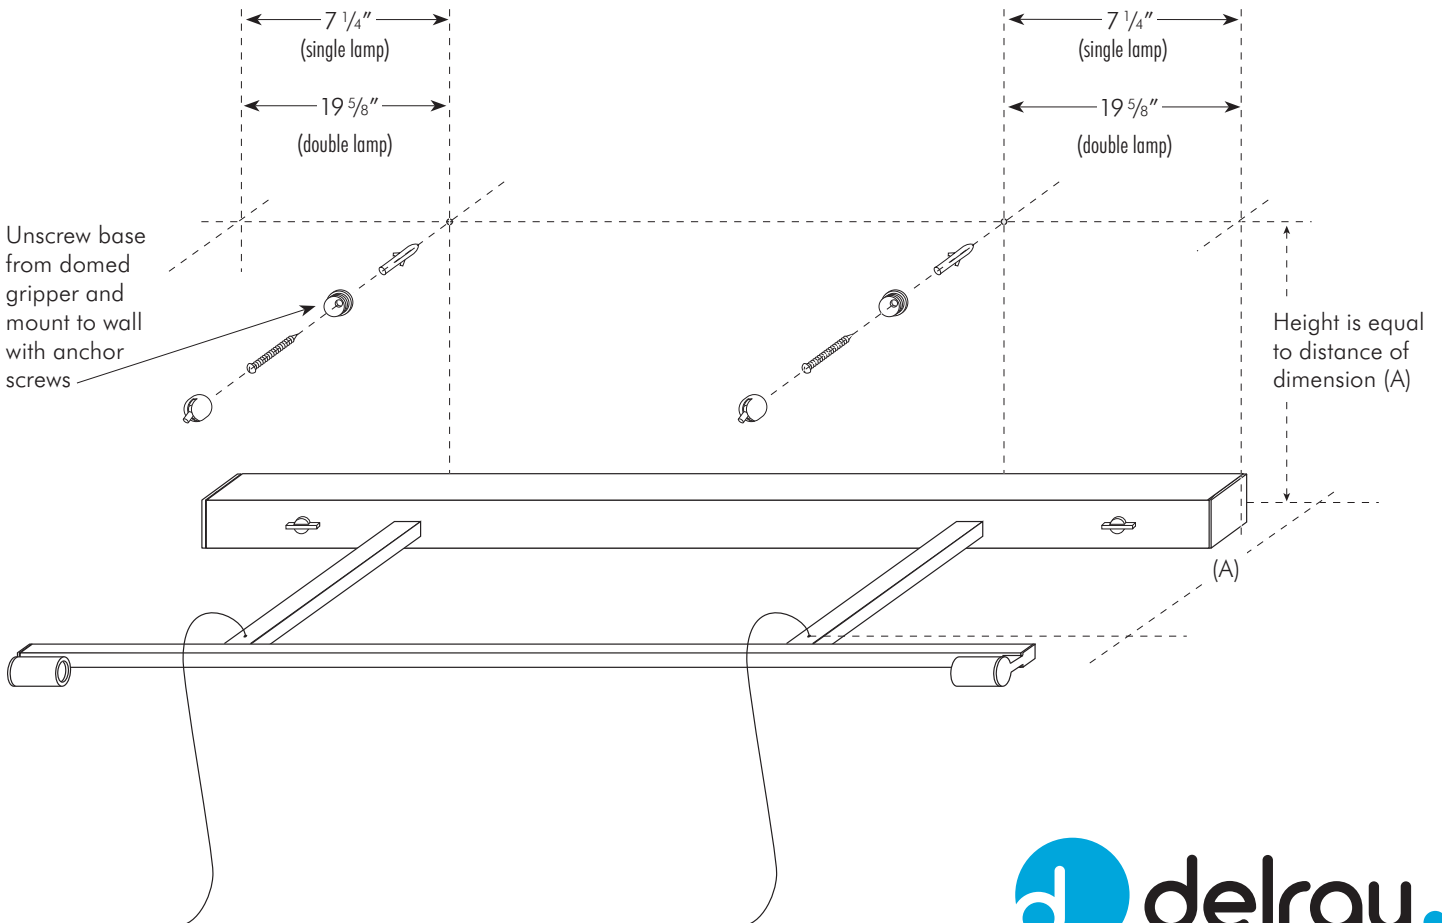

Continued →

### 2 Mount Cover Plate To Rail

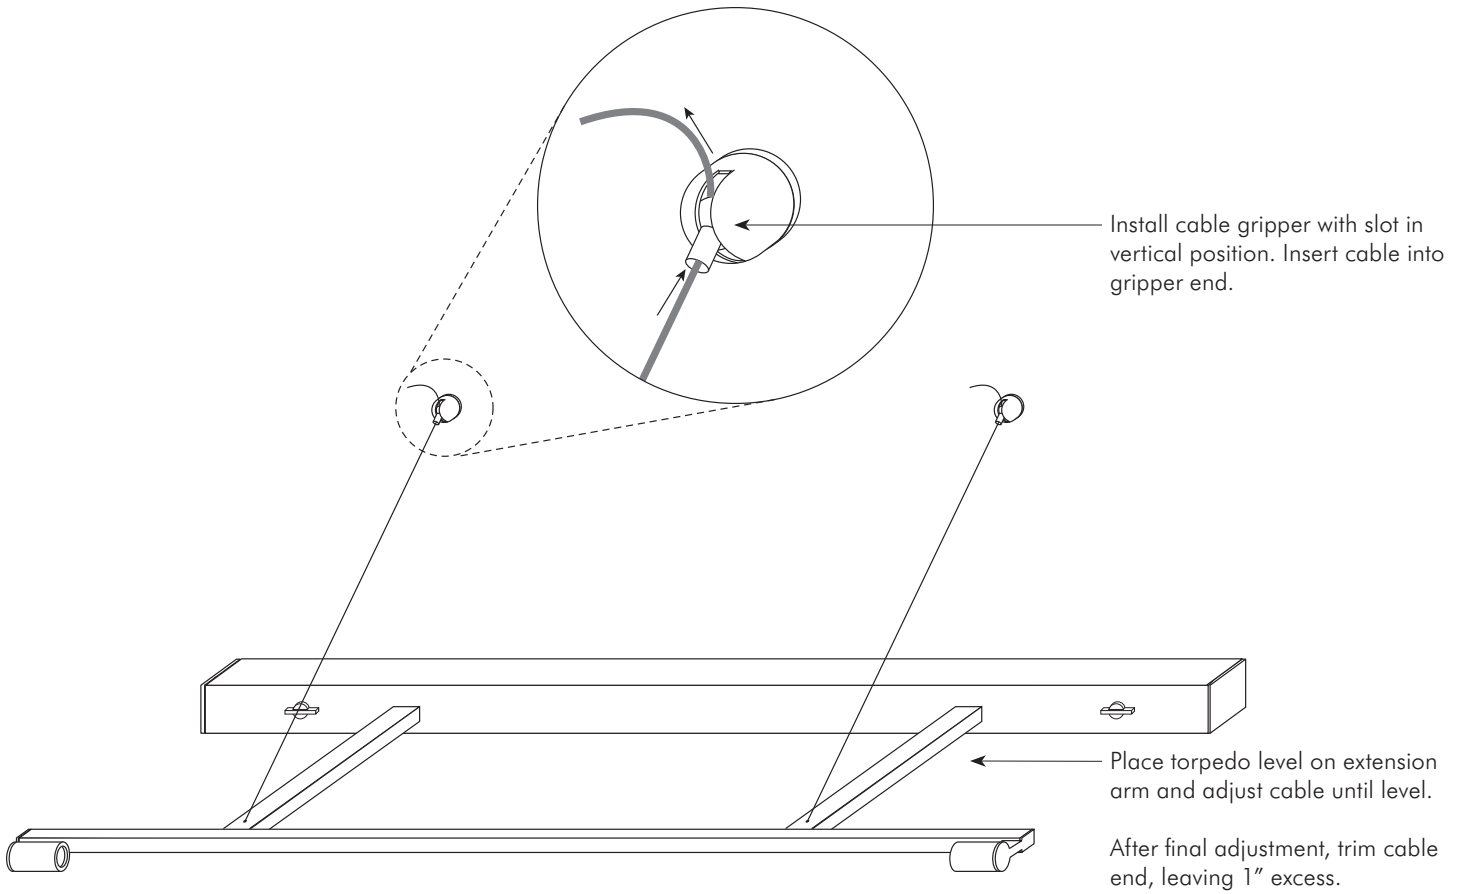

### 3 Mount Cable Gripper (Not applicable to extension arms less than 10")

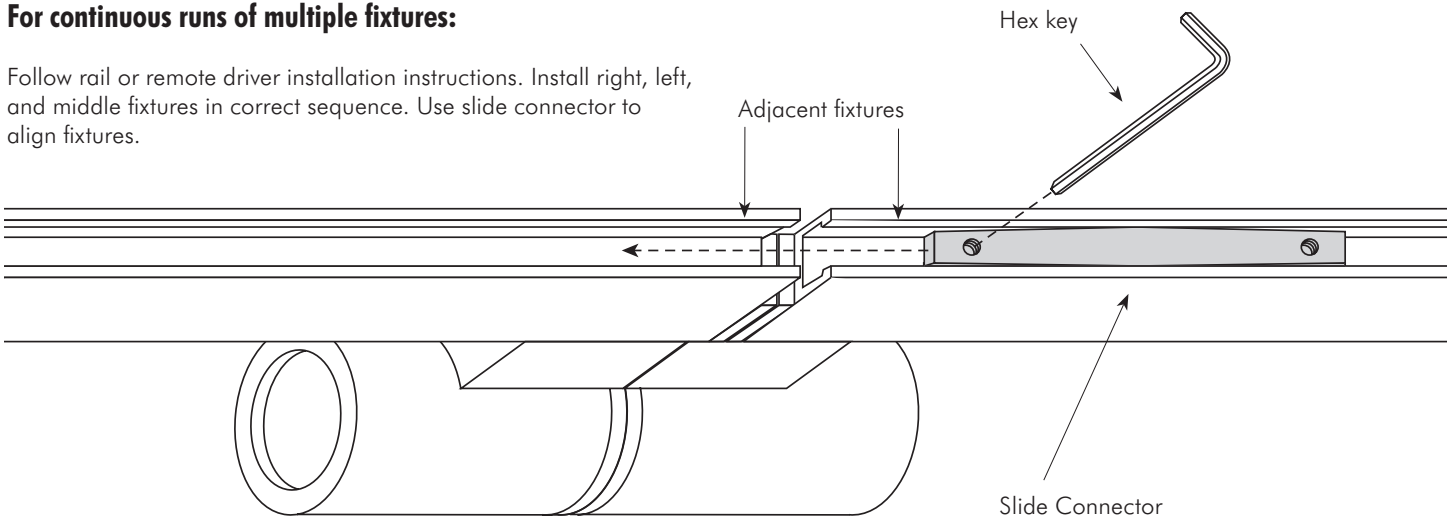

Continued →

### 4 Install Aircraft Cables

### For continuous runs of multiple fixtures:

Follow rail or remote driver installation instructions. Install right, left, and middle fixtures in correct sequence. Use slide connector to align fixtures.

### Cable Suspension:

Projections of more than 12 inches require cable support.
