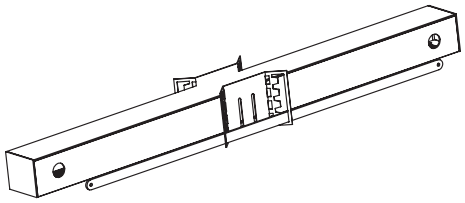
Installation ou de montage | page 2 of 2



Large SLRD For Dual Driver, RGB or EM

Remote driver housing has options for bar hangers for mount above suspended ceilings.

Drivers must remain accessible after installation, and must be mounted no less than 4 inches apart.

LEDs will not operate unless polarity is correct.

If Traxon control is ordered, housings with RJ45 jacks for DMX signal input and output will be included. Without Traxon, DMX control wires must be spliced inside housing.
